

We give below a few press comments on that honest and conscientious (?) individual, Jas. K. Helm, the man who stands lower today in the estimation of law-loving and law-abiding citizens than any man in Lincoln county.

Eleven in Holmes' case were of one opinion, but the twelfth jurymen, who disagreed and hung the jury, is a relative of Holmes. When he passes he is pointed out to strangers as "the man who hung the jury." (Courier-Journal, May 3.)

The jury stood 11 for murder, 1 for manslaughter. Holmes was refused bail and is now in the Louisville jail. He committed a cowardly, unprovoked murder, and ought to hang. Unfortunately for the good of society, there is generally found on every Kentucky jury a man who can be bribed or has a very "conscientious" mind. (Nelson Record, May 2.)

The name of the man that hung the jury in the Sam Holmes murder case at Stanford last week is Jas. K. Helm. We understand that steps will be taken to prosecute him for perjury. Let it commence at once. (Lancaster Times and Kenton, May 1.)

It will be seen that each of these articles came out prior to the one in the INTERIOR JOURNAL, and therefore these opinions were not formed from our article, but from the evidence published the week before!

**BRIEF NEWS NOTES.**—The legislative, executive and judicial appropriation bill which passed the House last Saturday provides \$185,000 for the re-establishment of the New Orleans Mint. The bill to reduce the tobacco tax from 24 to 16 was voted on under a suspension of the rules but only received five majority. It requires a two-thirds majority to make it a law, and the friends of the bill think it will pass when it comes to a vote again. Henry S. Moss, the Louisville furrier, has been tried on a writ of *habeas corpus* and pronounced insane, and ordered to be sent to the Asylum at Ansonia. Later—Mr. Moss has since died. A terrible boiler explosion occurred at Minneapolis, Minn., a few days since, entirely destroying six mills, and killing fourteen persons. Loss about a million of dollars, with insurance for half that amount. The negro, Jerry Anderson, was reprieved by the Governor to the 7th of June, just in time to save him from hanging last Friday. The New York Sun says that the Presidential title investigation will develop some of the rottenness of Hon. John M. Harlan. Senator Don Cameron was married in Cleveland, Ohio, last evening to Miss Elizabeth B. Sherman, a niece of Wreck-er John.

By a majority of 170 the people of Cincinnati refused on Friday last, to appropriate the two million of dollars more asked by the Trustees to complete the Southern Railroad. The belief seemed to prevail that the present Board of Trustees has not done the clean thing and a thorough investigation of how it has appropriated the money must be made before a cent more should be applied. The Legislature has appointed an investigating committee which is now looking into the true inwardness of affairs. Some remarkable developments are looked for.

**PRESS CONVENTION.**—We are looking forward to the 5th of June, with an almost child-like anxiety. The idea of getting a chance at that sour-mash, as well as become acquainted with the distinguished editor of the New Era, and all the other good fellows of the Press, is exhilarating in the extreme, and we can hardly wait for the morning to arrive that will see us start to Hopkintonville. We'll take a little mint in ours.

**PREMIER HAYES** is disposed to reward his faithful dirty workers, and to that end has nominated Packard, of Louisiana, to the Liverpool Consulate. As the position is worth a cool \$30,000 it is very probable that Packard will accept, although he asserted prior to the nomination, that he would not accept a Consulate under any circumstances.

The case against the Deputy United States Marshals, Whelan, John and Ed. Wyatt and Whitaker by the Reynolds brothers, of Barren, who were shot and dangerously wounded by them, several months ago was decided a few days since by a judgment against the defendants for \$12,000 damages.

**SENATOR HICK** has submitted a wise amendment to the bill to repeal the Bankrupt law. Instead of fixing January 1st, 1879, as the time for the bill to go into effect, he wants the repeal of the law to go in force from the passage. We hope and believe that the bill will pass in this form.

A FRIEND offers the following resolution for the benefit of the politicians: "Resolved by all the Politicians in Caucus assembled: That if it is better than ninety-and-nine guilty Hayes should escape exposure than that one innocent (?) political party should suffer defeat in 1880."

A SPIRIT of Communism is showing itself in a number of the large cities. It should be promptly checked if it takes all the United States troops.

The Democratic Senators and Congressmen have met and resolved that the title of Mr. Hayes be at once investigated.

**REMARKS.**

Ninety-six Presbyterian Ministers died in this country last year.

Of over one hundred students of the Baptist Institute at Richmond, Va., sixty are preparing for the ministry.

The Southern Presbyterian General Assembly will meet in Knoxville, Tenn., May 16. On the same day the Northern Assembly meets in Pittsburg.

There are 1,163 preachers and 70,508 members of the Methodist church in Texas. This is an increase of ministers of 804 and of membership 41,229 in the last six years.

The State Convention of Christian Sunday Schools will be held in Lancaster, on the 17th and 18th of June, and as a feast of reason and a flow of wit is promised, the attendance will no doubt be very large.

Last Monday was the 62nd anniversary of the American Bible Society. During the year ending May 1st, there were printed under the auspices of the Society 900,770 Bibles, 857,490 of which were issued at home and to the foreign. The total number issued for the 62 years is 34,664,350, besides 11,236 copies made expressly for the blind. The Society is now making arrangements with a firm of native publishers to issue a Japanese edition of the Scriptures.

The Sunday School Institute, which was conducted by Elder T. C. Cline at the Christian church here from Friday evening to Sunday evening created considerable interest, and crowded houses greeted him at each service. Mr. Cline is an earnest and entertaining speaker, and one of the best preachers we have heard in many a day. A number of our young men, who had learned to loathe during the Murphy business, took part in the exercises, and told what they "knew about Sunday School teaching," and some other things that a number of the old members thought they didn't know any more of. It was, however, a very pleasant meeting, and will no doubt, redound to the good of all the Sunday Schools here.

**ROCKCASTLE COUNTY NEWS.**  
**Banquet.**  
The ladies of the Reform Church here presented Mr. Frank Shumate with a handsome Bible for his polite attention to them during Mr. Barnes' meetings.

**MRS. MARY BOTTOM'S MURDERER.**  
John Taylor, who committed murder in this county about twelve years ago, was arrested the other day in Vernon county, Mo., under the name of John Smith. He was brought to this city on Monday night and lodged in jail. "Be sure your sin will find you out."

**NEWSPAPER CHANGE.**  
Mr. Melville Vaughan has bought Mr. T. C. Stevenson's interest in the Danville Local. While we sincerely regret the loss of Mr. Stevenson, who will shortly leave for Pennsylvania, we are confident that Mr. Vaughan will fill the position as well as his predecessor has done, and we predict for the Local a brilliant future.

**SENIOR CLASS ENTERTAINMENT.**  
The Senior Class of Centre College passed their examination on Friday last. On the evening of the same day Dr. Beatty, the President of the College, gave an elegant entertainment to the members of the Senior and Junior Classes at his residence. Each member being requested to bring his sweetheart with him. The whole affair was elegant, and the supper beggars description. The President, with his charming daughter, Miss Katie, received the guests, and under the skillful management of the latter, the evening quickly and pleasantly passed.

**ENTERTAINMENT.**  
Mr. John Young, Jr., gave on last Saturday evening an elegant entertainment to the young men of the College who had conferred at Mr. Barnes' meetings. Mr. E. E. himself and his lovely daughter, Miss Marie, were of course there. After the supper, which was simply magnificent, Miss Marie entertained the company with her sweet singing. The young gentlemen expressed themselves as having spent a most delightful evening. Indeed, we heard one of the party say that whatever might befall him in the future, the memory of that evening would soften every hardship and brighten every day.

**PERSONAL.**  
Scores of beautiful ladies are lending their charms to our city this week. It is impossible for us to give even a majority of their names, so we hope none will be offended at our omission of them. Miss Jennie Duncan is stopping at Dr. Alex. McKee's; Miss Susie Finnie, of Chicago, with Miss Judith (niece), who is visiting her home from Hamilton Institute; Miss Jennie Lackey, of Lancaster, at Mrs. Gregory's; Miss Lucy Julian, of Frankfort, at Mrs. J. Van Winkle's; Miss De Royle, of Lexington, at Mrs. Tunie's; Miss Alice Sayre, of Frankfort, and Miss Lola Ryan, of Louisville, at Mrs. LaRue Thomas'; Miss Mattie Bronston, of Richmond, at Dr. Ayres'; Miss Finley, of Georgetown, at Mr. A. K. Collins'; Miss Lura Hatchet, of Frankfort, at Mr. Jas. Harlan's; the Countess, Misses Irene, of Richmond, at Col. Roden's; Miss Emma Crome, of Louisville, at the Central Hotel; Misses Louie and Wm. Duke's, this county.

**THE KNIGHT TEMPLARS.**  
This is the gait week in Danville. Every business house is decorated with flags of every description, and several are also covered with bunting. Many of the private residences are similarly adorned. The streets are alive with men, women and children, both day and night, and confusion reigns supreme. We would like to give a description of everything, but our pen is entirely too feeble to do justice to the occasion. On Tuesday afternoon the Hays Commandery of this place assembled at their Asylum in full dress uniform, and with Eleazar's Band of eighteen pieces, at the arrival, marched to the Depot to escort the arriving Knights into town. The Louisville and Richmond Commanderies are quartered at Gilchrist's, with the portion of the Hays Commandery from Lancaster; the Georgetown and Cynthia's Commanderies at the Clenden House, and Webb Commandery at the Central. The Frankfort Commandery are camping on the Oakwell Institute grounds. Refreshments will be served to the Knights and their friends in the Court-house, their grand headquarters, at all hours from Wednesday until Friday morning. On Wednesday the Grand Commandery held a meeting at James' Hall, and in the evening the address to the Knights by Sir Knight Robt. Morris, of LaGrange, Ky., and the installation of the grand officers took place at the 2nd Presbyterian Church. On Thursday the Sir Knights appeared mounted on coal black chargers, and proceeded on 3rd street to Lexington avenue, on Lexington to 2nd, and through 2nd to Main and to the College grounds, where a competitive drill for a handsome banner took place, by the different Commanderies. On the same evening, the entertainment was held at James' Hall, and the Grand Banquet and Fete Champetre on 4th street. The following are the officers elected for the coming year: Wm. Lorne Thomas, Danville, Commander; Wm. Ryan, Louisville, Deputy Commander; D. Verner Johnson, Lexington, Generalissimo; James E. Cantrell, Georgetown, Captain General; Rev. Wright Merrick, Lexington, Prelate; Horace January, Mayville, Senior Warden; J. E. Kembridge, Cynthia's, Junior Warden; H. P. Robb, Versailles; Treasurer; L. D. Croninger, Covington, Recorder; Henry Ranshaw, Lexington, Standard-Bearer; D. P. Arner, Richmond, Sword-bearer; R. G. Witt, Henderson, Warden; A. J. Pote, Danville, Captain of the Guard. (Lancaster Times.)

**CRAB ORCHARD SPRINGS.**  
**MAY-DAY.**  
Was celebrated with a social picnic and dance at the old Fair grounds. Every thing passed off highly satisfactory in every body's respect.

**THE SPRINGS.**  
Maj. J. S. Terrell, the energetic, polite and popular manager, is at his post, diligently preparing for the comfort, enjoyment and entertainment of his visitors and guests during the present season.

**TARRANT COLLEGE.**  
Is still flourishing, an honor and a blessing to our town and community, and deserves to be liberally patronized and well sustained. According to number, it represents as much talent, refinement, training, discipline, wealth and beauty, as any school in the State.

**THE GROUNDS OF THEIR INDEMNITY.**  
The action of the Grand Jury in regard to the investigation mentioned in your paper of last week, on the premises of the old Church Cemetery, at this place, was well calculated to arouse the indignation of the citizens of Crab Orchard, who regarded the proceedings as a gross insult, and an unlawful trespass upon sacred rights—and as such, resented it. But fortunately, perhaps, for both parties, there was no collision of force. If the delegation had gone to, or sent for the town trustees, produced their authority and explained their mission, it hardly think that there would have been word of objection to any investigation the Court might have desired to make. This would have been due courtesy, to say the least.

**A CERTIFICATE FROM A VISITOR.**  
I came here in March, and have mingled and mingled socially with the people of Crab Orchard and vicinity, and can truly say that they are intellectually, morally and socially, far superior to the reputation they have abroad, and have certainly been grossly misrepresented, if the present state of society is an index to the past. Business is dull, and there seems to be a lack of energy, enterprise and capital in business circles generally; but aside from this, Crab Orchard will compare favorably with other Kentucky towns of its opportunities, size and facilities. Her citizens appear to be orderly, quiet and peaceable among themselves, and I have seen and heard of less drunkenness, fighting, swearing, or disturbances of any kind, night or day, since my arrival here, than I have witnessed in any town of its size since the war. (S. J. W.)

**Wagoners LAND SALE.**  
Mr. John P. Gooch has sold his farm near King's Mountain, containing 112 acres to Mr. Williams, for \$1200.

**PERSONAL.**  
Mr. John M. Hall passed up the road with a small lot of cattle on the 4th inst. Mr. Wm. Keene, of King's Mountain, left a few days since for Cincinnati, on some business, and will return in a few days. Mrs. Lucretia Mosier, 16 years old and not likely to recover. Mr. A. C. Saddath, of Casey county, has moved his property on River.

**SUNDAY SCHOOL.**  
A Sabbath School at Walnut Grove School-house was organized on the 26th ult. Following are the names of the officers: E. S. Gooch, Sup't; R. M. Gooch, Clerk; Teachers of the Bible and Testament classes, J. L. McMillen and J. L. Ball. M. F. Padgett and Mrs. Julia A. Wheeler, are teachers of the junior classes. They meet every Sabbath at 2 o'clock, e. m.

**GOOD FRIENDS.**  
The name of our Good Templars Lodge at Double Springs church is now changed and is known as the Waynesburg Lodge, No. 1550, I. O. G. T. I will give the names of the officers, to-wit: S. L. Chisholm, W. C. T.; Miss M. S. Johnson, W. T.; Rev. S. R. Creekmore, W. C.; W. R. Gooch, W. S.; Miss M. S. Padgett, W. A. S.; E. Padgett, W. F. S.; Miss F. A. Padgett, W. T.; W. T. Chisholm, W. M.; Miss Jewell Reynolds, W. D. M.; Miss A. C. Gooch, W. L. G.; F. P. Curtis, W. U. G.; Miss L. B. Padgett, W. R. H. S.; Mrs. L. A. Gooch, W. L. H. S.; J. E. Glass, P. W. C. T. These officers are only elected for the term of three months. The Temperance movement has proved a great blessing to this vicinity. (E. D. P.)

**BARBARIC COUNTY NEWS.**  
**LAND SALE.**  
Our Sheriff went out gathering on Monday, and for non-payment upon Court, was fined \$25. At last accounts the price of his wool does not cover his fine.

**GOING DOWN INTO THE WATER.**  
On Sunday afternoon every avenue of approach to the pool below town was black with the colored population flocking to see an immersion, the *ex nihilo* of colored enjoyment.

**LAND SALE.**  
On Saturday there was a sale of a tract of land containing 218 acres, devised by Wm. Huffman, dec'd., to be sold and divided among his slaves, who were to be emancipated. All bids, one of said acres, was the purchaser at \$21.25. Terms, one-half cash, the balance in 12 months.

**FLORAL FESTIVAL.**  
The ladies' Christian Aid Society contemplate giving a Floral Festival in a week or two in order to hasten the work of repairing their church building which was suspended a year ago. They will also have an auction on next Saturday, of the Church pews preparatory to resetting the house.

**MARRIAGE.**  
Married on Tuesday morning, at the residence of the bride's brother, Miss Katie Shugart to Mr. J. T. McKelney. The bride is a sparkling brunette and beauteous with her many good qualities. The house was crowded with guests. The ceremony was performed by the Rev. Mr. McKelney, assisted by W. P. Cronk, of Pine Hill. We wish them success. Tuesday evening a party

wedding, it is to be hoped. On the 6th inst., Miss Polly Madden to Mr. Palestine Lamb. Perhaps Mary has at last found her lamb and no longer sings hoarse. (PERSONAL.)

Col. S. P. Love, of Greenville, is a guest of the Hon. G. W. Dunlap. He brought several gallons of fine strawberries, and reports vegetation in Muhlenburg county as dense or four weeks in advance of us. Miss Nimble Pate, of Richmond, is here falling into the great channel leading towards Danville this week. Miss Ida Jennings and Mrs. Florence Walker, of Richmond, are also in our city. Dr. Jos. Leseher, of Lexington, is the guest of Mrs. M. H. Owsley. Mr. T. Dunlap, of Eminence, is visiting his daughter, Mrs. J. A. Anderson. (Len. Richard A. Gano passed through town on Tuesday, en route from Texas.)

**VISIT TO STANFORD.**  
On Sunday evening a party of ten went over to Stanford to attend the S. S. Convention being conducted there by Elder C. C. Cline. Mr. E. H. Burnside, the ever-attentive host of the "Myers House" was on the guide to "give the stranger happy cheer," while his youngest daughter greeted us with smiles. For one of her limited experience we thought she did full justice to the occasion. My own views of the most profitable method of conducting a S. S. Convention might to some extent infringe upon the programme of Sunday night, so perhaps absence is the better part of wisdom. The useful portion of the performance came in for its just need of approval. The merely ornamental might with propriety be shifted to the usual stage for secular entertainment. The editor of the INTERIOR JOURNAL was as usual, on the alert for every thing that was transpiring.

**COURT.**  
The Court of Common Pleas is now in session, Judge Beckwith presiding. These two days have left no very startling record upon the archives of the county. The docket for Monday was disposed of promptly. Two cases were tried on Tuesday. One of these was an antislavery case, involving Joseph C. Gooch vs. Henderson Green, claiming one thousand dollars damages for trespass on Gooch's premises by driving hogs tainted with cholera through the plaintiff's field, thereby causing the death of a number of plaintiff's hogs. The verdict allowed the moderate sum of \$52.50. A stranger in attendance upon the court, learned the following facts, viz: The pay of the jurors for these two days amounted to \$96, whereas the verdict in the three jury consisted but \$90.50 in total. Judge T. A. Dickerson, of the firm of Alexander & Dickerson, of Louisville, is here representing his firm in an action pending in the Court, asserting a claim for legal services rendered two prominent attorneys at this bar and others, in the defense of the celebrated suit in the United States District Court of Wm. Sellers against them for the destruction of his property at Lancaster, in 1874.

NO TIME FOR PLAY.

The farmers are busy putting in their corn, and the town is as dull as dullness itself.

A bright little boy, a son of Doc. Dean, of Pine Hill, is quite sick with pneumonia. It is hoped he will recover.

**SHOE MAKER.**  
Mr. Masonheimer, from Danville, a shoemaker, and a very competent workman, has located at this place, and is now ready for business.

**CORN DROPPERS.**  
Are in demand. The best corn-dropper is a boy about 15 years old, who can "keep up with the plow" all day, and who don't put too many grains in a hill.

**MARRIAGE LICENSES.**  
The following marriage licenses have been issued since our last report: J. M. Grubbs to Mary E. Watson; M. G. McKelney to Sarah M. Byrd; John C. High to Mary A. Grubbs.

**STOCK.**  
The first shipment of tan bark were made a few days ago. The trade in this article promises to be lively in spite of the failure it proved to be last year. J. T. Clark, has a contract to ship 600 cords, and he has besides about 100 cords of old bark which he will put upon the market.

**HON. THOMAS TURNER.**  
Is a candidate for re-election to Congress from this District. He will have no opposition from the Democrats, as we are informed, and a Convention is therefore useless. Mr. Turner's course thus far is very generally approved by our people, and it might be well if a mass meeting of the Democracy were called to endorse their approval of his course, and recommend his election a second time.

**VARIETAL.**  
On the morning of the 3rd inst., at the residence of the bride's father in this county, Mr. J. D. Mackey was married to Miss M. J. Cook, youngest daughter of Hon. M. J. Cook. The ceremony was pronounced by Eld. James Chisholm. The bride is one of our most charming young ladies, and the groom—a splendid specimen of manhood—a genial and clever gentleman. May their pathway through life be strewn with love's sweetest flowers.

**A CANDIDATE HIMSELF.**  
Candidates are circulating rather freely, and are getting down to work in earnest. As we are a candidate ourselves, with two opponents, either one of whom is "a devil to beat," we have nothing to say about any body's race but our own. And that we shall say nothing now, further than that we are on the track, and will remain so till the last vote is cast. We say home-ward from the polls on the 5th day of August next. We're bound to "stick" while the earth hangs together.

**ESKIMO CARTERS.**  
The fishing in Rockcastle River is said to be excellent this Spring. A party left here Monday evening, equipped for a week's visit. They are all respectable fishermen, viz: Charles Kirtley, Esq., Dr. W. P. McKee and Sam. Thomson, of this place, and W. P. Cronk, of Pine Hill. We wish them success. Tuesday evening a party

from Stanford, composed of Col. W. G. Welch, J. B. Owens, U. H. McKinney and Ed. Sturge, passed through town on their way to the mouth of Skaggs' Creek. A hostile meeting of the two parties is among the possibilities. (QUITO.)

They, by their successful management of the ladies' dress-making department of the famous Fashion Journal, are fully prepared to give prompt satisfaction to the most fastidious ladies. This is a rare opportunity for the ladies of this place, and we wish them success. Tuesday evening a party

from Stanford, composed of Col. W. G. Welch, J. B. Owens, U. H. McKinney and Ed. Sturge, passed through town on their way to the mouth of Skaggs' Creek. A hostile meeting of the two parties is among the possibilities. (QUITO.)

AN AMERICAN FACT.—A large proportion of the American people are in the habit of eating the effects of Dyspepsia or indigestion. The results of these diseases upon the human system are of a most alarming nature, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of Druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away, so far as its virtues with satisfactory results in every case. You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Putridly sold by all Druggists on the Western Continent. Edition & Stagg, Stanford, Ky.

NOTWITHSTANDING the dullness of the season, the trade generally for the past few months, we have observed that these striving business men, Hayden Bros., have kept up a full and varied assortment of goods, which they bought for cash and are offering them lower than any body. If you don't believe it, call there and look for yourself.

WE never go into the store of Hayden Bros., without seeing something new and attractive in the way of goods. They keep up with all the fashion of the day, both in ladies' and gentlemen's goods, and their well known ability to select the best articles in all times, has given this firm a reputation co-extensive with this part of the State. It is a real pleasure to buy of them.

VOTERS.—Mr. J. E. Carter, Attorney, completed his list for 1878, on Monday last, and from his books we find that the total number of voters in Lincoln county is 3,377, of which 2,304 are whites, and 673 negroes. The voting strength of each precinct is as follows:

Precincts	Whites	Negroes
Stanford	665	367
Walton	142	59
Crab Orchard	475	274
Waynesburg	332	17
Hartsville	456	195
Turkeyville	415	46
Hickman	212	22

The total vote cast in this county in the last Congressional race was 2,602; 1,596 for Durham, and 1,006 for Bradley.

HE WAS AWAKENED.—Pat Mullen, an Irish section hand, who is mighty fond of his tea, and very often takes a good deal more than he can carry, stretched himself out by the railroad track between here and the Junction last Friday night, and while the Junction boys were not looking at him, he fell asleep. He would most likely have gotten in a good night's rest, but the freight train was behind that day, and about nine o'clock, P. M., came puffing along and the first thing Pat knew he was about twenty feet down the embankment, with a ugly gash in his head produced by the remorseless cow-catcher of the engine. He was injured in an instant, and shortly afterwards was setting in a Doctor's office undergoing the painful operation of having the gash sewed up. He didn't learn him a lesson, however, for next day Pat was as drunk again as a son of a Sea cock.

HON. E. W. TURNER.—This distinguished ex-squire for Congressional honors addressed a good audience here on Court day and made a wonderful impression on his hearers. He commenced by saying that he had not been urged on to make the race by a "majority of the Democrats" of the District, but that he himself had been the main engine in the matter and that he now stood before the people to urge them to give him their support. He was anxious for the office for its honor as well as its emoluments. On the financial questions of the day, he expressed himself in favor of a National currency that would pass at par and pay all debts, both public and private. He was not for the externalization of National Banks, but thought they should be taxed as other property. Was for an unconditional repeal of the Resumption Act, and expressed himself strongly in favor of Wood's Terrific Bill. He took strong grounds in favor of the Texas Pacific Railroad, and the applicant that greeted his remarks on this question asked how tender a chord he had struck in the hearts of his hearers. He then devoted a short time to Judge Durham, and showed up some of "the ways that are dark and the tricks that are vain" of that illustrious gentleman. He read letters to show that Durham had promised him if he would not oppose him in his race, that he would not run again, but would give his support and that of friends to a Madison county man. In March of this year, he asked to be "released" from his promise and on his (Turner) refusing to let him to release him he did the thing that he did, and attempted to frighten Turner into a release putting it on the ground that it was not a question between him and Turner, but one in which the people had a right to demand a hearing and that if Turner was willing to stand that side he was sure that his (Turner's) friends would show him from the promise. He finally released him from the promise, and voluntarily made and left the good people to decide if they intend to keep Durham perpetually in Congress. His discussion of Durham was marked with a true gentlemanly feeling, and it is safe to say that many of that gentleman's warmest supporters were won to the speaker. Judge Turner is a most pleasant and entertaining talker and a genial gentleman, who makes friends wherever he goes. One thing is assured, that the people are awakening to the fact that there is some other man in this District as worthy of the honor that they have so lavishly bestowed on Mr. Durham as that distinguished gentleman himself.

LETTER.—We learn that it is probable that Mr. Henry Watterman, can be induced to deliver his lecture on the "Unpleasantness and Whimsicalities of Southern Life," in Stanford. Let's give him a big audience. He deserves it.

STEVENS IN PLACE.—We learn from children who live in the vicinity of Nashville, that Sunday and night his made hideous by the terrible doings of the colored inhabitants of that delightful suburb. Could not one efficient Marshal be induced to devote a little of his precious time toward keeping order there? We hope so.

THUNDER.—Julian Duhler, a young man of 22, fell from a log while fishing in Dix River last Friday evening, and was drowned. A little boy too small to swim, witnessed his futile efforts to twist, and saw him go down for the third and last time before help could arrive. Mr. Duhler was a young man of promise, and his sudden cutting off is a matter of deep grief to his friends. He was buried on Sunday, at the old Anderson grave-yard.

RABBITS.—Mr. A. M. Peard, invested in two white rabbits about the middle of March last, which have since then increased their number with two litters of young ones, of seven each. He says they are much cheaper to raise than chickens, and can be counted on to increase their family about every thirty days. As to eating, Mr. E. thinks they are vastly superior to chickens, and says he doesn't know of any thing better than a nicely fried hind-leg of a tender young rabbit.

FISH TRAPS.—We have been recently informed that selling is frequently indulged in in a big way, and are good ones to suspect that parties, who either pride themselves upon, if they do not least, being law-abiding citizens, not only commit a violation of law, but participate. We could give names, but decline, and we appeal to those parties to reflect upon the pernicious influence of their example. It is a shame to shirk at night in the indulgence of law-breaking, however trivial the offense, and all good citizens should attempt to bring violators to justice, rather than wink at such practices. We have also learned that traps and nets are operated at out-of-the-way places on Rockcastle River by thoughtless and reckless parties. We call the attention of all our friends—along that stream, who desire an increased supply of the fine fishes native to that stream, as well as to soon have the most attractive stream to sportmen in Kentucky, to promptly stop this evil.

HELM'S FINEST DEFENSE.—I desire to say a few words in the advertisement, in which the Helms' advertisement, in answer to the unprovoked, malicious personal attack made on me by the Editor of the Interior Journal. He denounced me to the Helms' elegant style. "Disgraced," meaning the supreme contempt of the whole of the law-abiding citizens of Lincoln county; as the man who discarded his oath, disregarded the testimony, disregarded his duty to the county, to confer a favor on a friend and connection; who went on the jury for the purpose of hanging it, offered to let Helms would be granted him, as he did to pay a debt of gratitude; is eternally disgraced in the sight of honest men, and should ever be known as having been in the hands of the law.

It would be difficult to condense to the same space a greater number of falsehoods, or more malicious denials. Let us specify a few.

1st. "To order a new suit of clothes."—Millions of Helms. Never saw Helms in my life prior to the trial. Would not have known him if I had not seen him on the public highway. 2d. "Was a connection."—Recklessly false. Not the least connection. 3d. "Went on the jury for the purpose of hanging it."—Clearly false. After being accepted as a competent juror in the case, I went to the court house and judge Henry and myself to examine the case on the score of being unsworn. 4th. "Went on to pay a debt of gratitude."—False. Not acquainted with him or the family, and have not seen him on an average of once a year in the last ten years. 5th. "Offered to let Helms would be granted him."—False. Urged a compromise upon the grounds of his giving bail.

Now I propose to give a true statement of how the Helms' case was tried. The first Helms, a free man, and 6 for manslaughter. After considerable discussion during the evening and next morning, we finally stood off for ten years and I for Bre. Re. Helms' case was tried on the 1st of May.
